As our group was only able to meet for the first time on week 3, we didn't have as many opportunities to work as a group. To make up for this we decided to divide our initial tasks between team members to allow for us to do more individually, and then report back to the other team members. To facilitate this, we immediately created our GitHub and uploaded our work to be reviewed by others. We divided our tasks as follows:

Task	Members(s)
Project Plan	Shane
Higher Level Design	Sean & Taisia
Report	All members

Additionally, to facilitate the segmentation of our taks, we created the following Kanban Board:
